## Why Join the MSS?

MSS Weekend Caving Events  
Training & Education  
MSS Organized Trips  
Member Organized Trips  
MSS Member Projects  
Monthly Programs  
Monthly Newsletter  
Connect with other Cavers

## Membership

The MSS is the club to join to learn caving. We have members with all levels of caving experience and welcome new cavers.

The MSS consists of a varied group of people, all with a common interest in caves. Our membership includes both members involved professionally with karst (biologists, geologists, civil engineers) and members whose hobby is caving.
